CIP-1694 and Cardano Governance workshop - Bengaluru, India
Program plan

Hour	Activity	Module	Topic	Description	Time	Learning Outcomes
10:00	1	Prelude and Intro	Welcome Talk	Welcome and introduction to the workshop. Brief introduction of speakers and facilitators. Overview of the objectives and agenda.	0:30	Participants will understand the workshop's structure, objectives, and key personnel, setting expectations for the day ahead.
10:30	2	Module 1	Features of the Voltaire Era in Cardano	Overview of Cardano's roadmap and eras. Key features of the Voltaire era: Decentralized governance, Treasury system, and Voting mechanisms.	0:30	Participants will be able to identify the key features of the Voltaire era and understand its place in Cardano's overall development roadmap.
11:00	3	Module 1	Blockchain Governance Basics	Introduction to blockchain governance. Importance of governance in blockchain ecosystems. Different governance models (on-chain vs. off-chain) and how Cardano's model is structured.	0:45	Participants will comprehend the fundamental concepts of blockchain governance, distinguish between different governance models, and understand Cardano's specific approach.
11:45	4	*Engagement Activity*	Short Engagement Activity	Interactive Q&A session or quiz about blockchain governance. Participants briefly share their expectations for Cardano's governance.	0:15	Participants will reinforce their understanding of blockchain governance through active recall and engage in peer learning by sharing their expectations.
12:00		**Short Break**	**Coffee Break**	**A short break for networking and refreshments.**	**0:15**	
12:15	5	Module 2	Discussion on CIP-1694	Overview of CIP-1694, its objectives, scope, and proposed changes. Discussion on community feedback and its implications.	0:45	Participants will be able to explain the key points of CIP-1694, its objectives, and understand the community's role in shaping its development.
13:00	6	Module 2	DReps in Cardano	Introduction to Delegated Representatives (DReps): their definition, importance, responsibilities, powers, and ethical aspects.	0:45	Participants will understand the role and significance of DReps in Cardano's governance model, including their responsibilities and ethical considerations.
13:45	7	*Engagement Activity*	Group Discussion	Group discussion on the potential impact of DReps on Cardano's governance. Each group shares key takeaways.	0:15	Participants will critically analyze and articulate the potential impacts of DReps on Cardano's governance through collaborative discussion.
14:00		**Long Break**	**Lunch Break**	**A longer break for lunch and informal networking.**	**1:00**	
15:00	8	Module 3	ADA Holders' Participation	Overview of mechanisms for ADA holders to participate in governance: voting processes, delegation options, and their importance.	0:30	Participants will be able to describe the various ways ADA holders can participate in Cardano's governance and understand the importance of their involvement.
15:30	9	Module 3	Tools for Governance	Overview of SanchoNet and GovTools, with a practical demonstration of how these tools facilitate governance.	0:30	Participants will gain practical knowledge of SanchoNet and GovTools, understanding how to use these platforms for participating in Cardano's governance.
16:00	10	Module 3	Chang Hard Fork	Discussion on the future challenges and expectations with the Chang Hard Fork and its implications for Cardano's governance.	0:30	Participants will be able to discuss the potential challenges and implications of the Chang Hard Fork on Cardano's governance structure.
16:30	11	*Engagement Activity*	Open Discussion	Open discussion on future challenges, scalability, inclusivity, engagement, and potential solutions or innovations for Cardano governance.	0:30	Participants will synthesize their learnings to identify and discuss potential challenges and innovations in Cardano's governance, fostering critical thinking and collaborative problem-solving.
17:00	12	Wrap-up	Closing Remarks	Summary of key takeaways from the day's sessions, including next steps and further engagement.	0:15	Participants will consolidate their learnings from the workshop and understand the next steps for further engagement with Cardano's governance.
17:15		**Informal Networking**	**Tea Break**	**Informal networking session with tea. Workshop ends.**	**0:15**
